

PHYSICS FOR FUTURE

JOIN US IN ADVANCING
THE FRONTIERS OF PHYSICS

Physics For Future is a postdoctoral fellowship programme for researchers to execute their own bottom-up research project over two years at the Institute of Physics of the Czech Academy of Sciences or ELI Beamlines facilities in the Czech Republic.

Physics For Future is contributing to the career development of future leaders in the field of physics, promoting knowledge sharing and interdisciplinary thinking between academia and industry.

~ 60 POSTDOCTORAL FELLOWSHIPS
under the MSCA COFUND Programme

2 HOSTING INSTITUTIONS
Institute of Physics of the Czech Academy
of Sciences and ELI Beamlines Facility

5 731 200 EUR
funding from the EU

5 YEARS DURATION
2023-2028

~ 70 PARTNERS
